

# Resources for Family Planning and HIV/AIDS Integration

[www.fpandhiv.org](http://www.fpandhiv.org)

The screenshot shows the website's navigation and search interface. It includes a search bar with a 'Go' button, a list of resource types (All Resource Types, Documents, News, Photos, Communication Materials, Q&As), and several menu sections: 'Browse Key Topics' (listing areas like Antiretrovirals, Mother-to-Child-Transmission, etc.), 'Browse Key Client Groups' (listing Men, Women, Youth), 'Browse Family Planning and HIV/AIDS Integration Resources in PEPFAR Focus Countries' (listing countries like Botswana, Nigeria, etc.), and 'Browse Key Interest Areas' (listing Advocacy/Policy, Research, Programs/Service Delivery).

*A comprehensive knowledge base for health professionals working to integrate family planning and reproductive health services with the prevention and treatment of HIV/AIDS*

## What You Will Find

- The latest research and evidence-based approaches to FP and HIV/AIDS integration
- Materials documenting actual field program experiences with FP and HIV integration, including contact information for ordering
- Practical tools for integrated service delivery that can be adapted to various settings
- Featured Web sites, publications, and other new and emerging integration resources
- FP and HIV integration meetings, presentations, and conference highlights

## What You Can Do With This Resource

- Instantly access a collection of selected materials reflecting the latest thinking of the health community on integration of HIV and family planning services
- See what other professionals are doing to develop and strengthen integration policies, guidelines, practices, and service delivery
- Share your FP/HIV experiences with other professionals
- Get answers to the key questions that health professionals are asking about FP and HIV integration
- Find relevant documents, events, photos, and communications materials all in one place

## Key Topics

Topics include the key technical approaches to integration, such as:

- Family Planning and Counseling and Testing
- Family Planning and Mother-to-Child-Transmission
- Contraception for HIV-Positive Women

**Contact :** We welcome your comments and contributions, especially case studies of successful field programs. Please contact [info@fpandhiv.org](mailto:info@fpandhiv.org).
